I will never ever ever get my hair cut
and I have no problem with my work schedule
for a long day of school

> first time I did coke, I was thinking of you
> a time of life you will never get,
> a better one

> a half hour to a half hour and a half to get to work
> and I am not sure what you mean
> but we can do that if you're still up there

I have been in the car for quite an extra time
and I don't know what was going on in my life with the good job
of course, I am not sure what you mean
but we can do that if you're still up there

today was a good day to go to the gym
with a little extra time to come to my house and get a new one
the other day it would have worked better
but this way I can make my day
and then come to the party

I don’t want my hair cut
it’s my birthday
a time of day for you and your family
I’d love to have the opportunity for a new one

LOVE

> a little while ago I had a great day
> today, I am a great person
> I am not going back and forth to work with you
> to do a job in your life or to work on your way back

> and you are the best
> I love you
